Madison Telephone Company's demonstration of complying with applicable service quality standards and consumer protection rules:

Madison Telephone Co. hereby certifies that it is complying with applicable service quality standards and consumer protection rules. Madison Telephone Co. is subject to consumer protection obligations under the Illinois Administrative Code (IAC), Title 83: Public Utilities, Chapter I: Illinois Commerce Commission , Subchapter f: Telephone Utilities. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of IAC 732.40; (2) adherence to state consumer protection requirements governing telephone providers which include Quality of Service rules as identified in IAC Part 730 and 732, and Compliance with Anti-Slamming and Anti-Cramming Procedures as adopted in Illinois Public Act 90-610 and 97-0822; (3) truth-in-billing requirements pursuant to federal rule and IAC 735.70; and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

Madison Telephone Company's demonstration of ability to function in emergency situations:

Madison Telephone ("The Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2) and Title 83, Chapter I, Sub-Chapter f, Section 730.325 of the Illinois Administrative Code. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. In accordance, and compliance with Title 83, Chapter I, Sub-Chapter f, Section 730.325 (b), all switching offices or equivalent are installed with emergency power generating equipment and have a minimum of three (3) hours battery capacity.

Madison Telephone Co. takes no responsibility for the capabilities of interconnected networks to manage traffic spikes resulting from emergency situations. In the case of Interexchange (IXC's) underlying carriers/VoIP network providers that purposefully utilize Least Cost Routing (LCR) tables/IP network configurations to avoid PSTN access fees associated with voice calls completing to its' state-designated ETC rural telephone exchanges, Madison Telephone will continue its best efforts for its own network during such events.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements.
